"Linger" Animation

Our story tells the lifelong journey of a woman who experiences unfair treatment. Linger is a girl who faced disapproval from older relatives at birth for not being a boy, encountered gender discrimination in high school when choosing between arts and sciences, suffered sexual harassment on the subway only to be hurt by the "victim-blaming" mentality, and lost a promotion opportunity she worked hard for due to pregnancy discrimination. After enduring all of this, she gave birth to a daughter. Will her daughter also continue to face discrimination, objectification, and harm? It seems like an unfortunate and inescapable cycle...
